PREFACE AND ACKNOWLEDGMENTS

This is the second updating of the Lucas genealogy of those who are descendants of Joseph Lucas, Jr., of Randolph County, Indiana. The original was the *Lucas Genealogy* by Annabelle Kemp in 1964. Much of the information on our line was supplied by Robert Elmer Lucas of Lansing, now Okemos, Michigan. The first update entitled *Supplementary copy 1984 of Lucas Genealogy 1964,* was compiled by Dorothy F. (Mosher) Smalley in 1984. In 1997 I decided that it was time for another update. All of the descendants of the third generation have now left us, and we are starting to lose members from the fourth and fifth generation. I announced that I would be would be doing this update at the Lucas reunion at Culver, Indiana July 1997 hoping that it would be ready for the reunion in July 1998. Many family members responded immediately with completed family group sheets, some took more time. I collected more data at the 1998 reunion. Hopefully I haven't made too many errors.

I would like to thank all those who have contributed to the compilation. Especially I would like to thank: Alice (Lucas) Dolezal, for the pictures of the 1927 reunion and Marcellus Lucas family, Carmen (Lucas) Benes for pictures from the 1948 reunion, and Marion (Mosher) Kelly for the pictures of Edmund Lucas family. I would like to thank Karen (Lucas) Isgrig for chairing the Lucas reunion for the last two years, my parents Robert Elmer and Norma (Schultz) Lucas without whose help this would not be possible, and my wife, Ann (Purvis) Lucas, for putting up with my obsession for all these years.

Sincerely,

Richard E. Lucas

TECHNICAL DATA

This compilation was produced using *The Master Genealogist* v.3x for Windows by Wholly Genes, Inc. The style of output is known as modified register or record format used by the National Genealogical Society for its publication. Originally I entered my data in the Family Roots III program, some of the data transferred oddly you may see this in the endnote pages. I have edited the output from *The Master Genealogist* using Corel's *Word Perfect* 7.0. I am using a Compaq Presario 4160 computer and a Hewlett Packard Deskjet 600 printer.

Photos digitized and enhanced by Dot Bartlett of Lansing Michigan.

DONATIONS

I will donate copies of the book to the following libraries:
